

KIEVITSKROON

FAIRCITY HOTEL

☆☆☆☆

Client : Kievits Kroon country estate hotel and Spa.
Facilitator : Elias Monyamane
Programme : Health and safety training feedback: 14- 18 Jan
Courses : First aid level 1
: OHS ACT for managers
: Incident and accident investigation

Below please find an extract from the some of the mails received, I believe this sums up the general feeling of those that attended the trainings.

“The facilitator was very interactive and accommodative. He used real life experiences for his case study and was included us in the discussions. I also loved the fact that he no question was a stupid question in our class and everyone was open and free to participate in discussions.

I believe that every employee should receive basic information on Occupational Health & Safety as it is important for everyone to know what they should do in case of emergency. SHE reps need support from the team so that accidents / incidents can be reported accordingly and investigated effectively”.

Consolidated points:

The facilitator made us all feel very comfortable.
He was patient and captivating.
For an Act, he made it very interesting.
The course was very informative
Wish everyone would have an opportunity to attend this course.
My team members are very excited about the training, they really enjoyed it.
The use of energizers was very helpful and kept us interested.

Summary

Overall, we unreservedly enjoyed the sessions and appreciate your dedication.
