

# OHS COMPLIANCE AUDIT PACKAGE

**AUDIT**

**ACTION PLAN**

South African workplaces must be legally compliant with the Occupational Health & Safety Act and Regulations, standards and bi-laws which requires in-depth knowledge and understanding of the Occupational Health & Safety Act and relevant legislation.

Furthermore, verifying whether the workplace is complaint, demands the ability to detach oneself from the organisation and assess the workplace objectively.

The highly trained and experienced employees of MAKROSAFE audit different workplaces every day. They know from experience what to look for and what to expect.

They are also in the best position to provide answers and guidance to achieve improvements without feeling the heat of other priorities.
