

# OHS INSPECTION SERVICES PACKAGE

Maintaining the safety of a workplace requires a regular inspection of essential items and services.

Staying abreast of possible expiring dates or unexpected malfunctions ensures that these items and services will operate correctly, when required.

Inspecting items like fire extinguishers or hydrants, first-aid kits or fire alarms, to give a few examples, demands extensive knowledge and the understanding of their technicalities and functioning.

MAKROSAFE has all knowledge and experience in-house to ensure services are inspected and tested regularly.
